Petro 34-22 ST Fe Bio

Gradually nourishes starting from the vegetative emergence / regrowth

Acidifies the soil and increases the amount of nutrients available

RyZea guarantees rapid root growth and increases

BASAL FERTILIZING

productivity A NEW WAY OF

Petro 34-22 ST Fe Bio

PRODUCT

Petro 34-22 ST Fe Bio is an organic fertilizer that nourishes plants in a balanced and constant way over time. Its fine raw materials are carefully selected to determine a planned nutrient release, as they are characterized by different net mineralization rates. Thanks to calcium sulphate and humid fractions, Petro 34-22 ST Fe Bio has performs an intense green reviving action thanks to its high iron and magnesium content. Moreover, Petro 34-22 ST Fe Bio is enriched by the presence of RyZea, which helps improve root development and the amount of nutrients absorbed as well as promoting the beneficial microbial activity of the soil and the crop productivity.

COMPOSITION			
Total Nitrogen (N)	3,0 %	Total Iron (Fe)	2,0 (
Organic Nitrogen (N)	3,0 %	Total Magnesium Oxide (MgO)	2,0 (
Total Phosphorus Pentoxide (P ₂ O ₅)	4,0 %	Organic Carbon (C) of biological origin	17,0
Total Calcium Oxide (CaO)	9,0 %	Organic matter	34,0
Total Sulphur Trioxide	12,0 %		

Components: protein hydrolysates with variable mineralization, humified mixture of manure (from cattle and poultry), vegetable press cakes, calcium sulphate (gypsum), iron sulphate, magnesium sulphate (Kieserite), RyZea

DOSES AND ADMINISTRA	TION	
Crops	Soil application	Dose kg/ha
Fruit trees	At the planting, before the vegetative reawakening or after the harvest	1000-1200
Horticultural	Before sowing/transplanting during the working of the soil	700-1100
Industrial, Cereals	Before sowing/transplanting during the working of the soil	800-1200
IV range crops	Before sowing/transplanting during the working of the soil	500-700

Aforementioned doses are indicative and may vary in relation to the pedo-climatic characteristics of each zone.

WARNINGS

The product must be buried, avoiding direct contact with the fertilized plants. Store in cool, dry place and keep away from excessive heat. For the best use of this product, consult the fertilization plans.

FORMULATION	PELLET DIAMETER	HUMIDITY	PACKAGES
