Petro 330 LT Bio + Zolfo

PRODUCT

Petro 330 LT Bio + Zolfo is an organic fertilizer that gives nutrients to plants in a balanced and constant manner over time. The product is characterized by a high Sulphur content, such to improve the chemical and physical characteristics of the soil and create a “desalinating” and “unlocking” effect towards the nutrients. The premium raw materials are carefully selected to determine a programmed release of the nutrients, since they are characterized by different net rates of mineralization. Furthermore, Petro 330 LT Bio + Zolfo is enhanced by the presence of *RyZea*, an exclusive technology that enriches the product with phytostimulating molecules which improve root development, the amount of nutrients absorbed and productivity of the crops.

COMPOSITION

Total Nitrogen (N)	3,0 %	Total Sulphur trioxide (SO ₃)	30,0 %
Organic Nitrogen (N)	3,0 %	Total Sulphur (S) *	10,0 %
Total Phosphorus pentoxide (P ₂ O ₅)	3,0 %	Organic Carbon (C) of biological origin	15,0 %
Total Calcium oxide (CaO)	8,0 %	Organic substance	30,0 %

* information not written on the label. **Components:** protein hydrolysates with variable mineralization, humified cattle manure, plant cakes, calcium sulfate (gypsum), elemental sulphur, RyZea.

DOSES AND ADMINISTRATION

Crops	Soil application	Dose kg/ha
Fruit trees	At the planting, before the vegetative reawakening or after the harvest	1200-2000
Horticultural	Before sowing/transplanting during the working of the soil	1000-1800
Industrial, Cereals	Before sowing/transplanting during the working of the soil	1000-1500
IV range crops	Before sowing during the working of the soil	600-800

Aforementioned doses are indicative and may vary in relation to the pedo-climatic characteristics of each zone.

WARNINGS

The product must be buried, avoiding direct contact with the fertilized plants. Store in cool, dry place and keep away from excessive heat. For the best use of this product, consult the fertilization plans.

FORMULATION

Pellet/powder

PELLET DIAMETER

3,5 mm

HUMIDITY

5 - 6 %

PACKAGES

25 - 600 kg / Sack, big bag
