Petro 33-27 Calcio +

PRODUCT

Petro 33-27 Calcio + is an organic fertilizer that nourishes plants in a balanced and constant way over time. The product is characterized by the presence of RyZea Plus, a technology that releases particular organic acids, which remove nutrients from the minerals in the soil, increasing their availability for the plant. Moreover, Petro 33-27 Calcio +, thanks to RyZea Plus, is characterized by a completely exclusive formulation deliberately enriched with particular and recognized chelating agents (e.g. glycine) able to “hook” the nutrients in the soil and convey them more easily and effectively up to the plant. RyZea Plus brings, among other components, a high percentage of amino acids that improve the plant’s recovery after the winter stasis.

COMPOSITION

Total Nitrogen (N)	3,0 %	Total Calcium oxide (CaO)	27,0 %
Organic Nitrogen (N)	3,0 %	Total Magnesium oxide (MgO)	1,0 %
Total Phosphorus pentoxide (P ₂ O ₅)	3,0 %	Organic Carbon (C) of biological origin	18,0 %
Total Potassium oxide (K ₂ O) *	1,0 %	Organic substance	36,0 %

* data not shown on the label, as the values are below the legal limits. **Components:** protein hydrolysates with variable mineralization, humified mixture of manure (from cattle and poultry), vegetable press cakes, calcium sulphate (gypsum), magnesium sulphate (Kieserite), RyZea.

DOSES AND ADMINISTRATION

Crops	Soil application	Dose kg/ha
Fruit trees	At the planting, before the vegetative reawakening or after the harvest	1000-1200
Horticultural	Before sowing/transplanting during the working of the soil	700-1000
Industrial, Cereals	Before sowing/transplanting during the working of the soil	800-1200
IV range crops	Before sowing during the working of the soil	500-700

Aforementioned doses are indicative and may vary in relation to the pedo-climatic characteristics of each zone.

WARNINGS

The product must be buried, avoiding direct contact with the fertilized plants. Store in cool, dry place and keep away from excessive heat. For the best use of this product, consult the fertilization plans.

FORMULATION

Pellet/powder

PELLET DIAMETER

3,5 mm

HUMIDITY

5 - 6 %

PACKAGES

25 - 600 kg / Bag, big bag
