DUTY TO COMUNICATE INFORMATION TECHNICAL DATA SHEET (REACH art. 32)

Magnesio SO₃

Under Art. 32 of EC Regulation 1907/2006

Issue Date : 15th May 2013

Version n. 1

**Information Sheet for the downstream users of
non dangerous substances and mixtures under
Article. 32 of EC Regulation 1907/2006 (REACH)**

Product identification

Names: magnesium sulfate of natural origin with traces of micronutrients

Trade name: **Magnesio SO₃**

Use: in agriculture as fertilizer

The product meets the requirements of the EC Regulations 889/2008 implementing EC Regulation 834/2007 on organic production

Manufacturer: various

Responsible of placing on the market

L.E.A. S.r.l. Società Unipersonale

Mixture description

Solid soluble powder present in Table I, (EC secondary nutrient fertilizers, n. 5), Annex 13 of Italian Decree No. 75/2010

Information along the supply chain

The supplier of a substance on its own or in a mixture who does not have to supply a safety data sheet in accordance with art. 31 (EC Reg. 1907/2006) shall provide the recipient with the following information:

a) REACH registration number of the substances
Magnesium sulfate: not provided because it is a substance found in nature, exempted from registration under Article 2, paragraph 7 (b) and Annex V, paragraph 7 of Regulation 1907/2006 / EC; micronutrients benefit of the transitional period until 31 May 2018 (art. 23 of the EC Reg. 1907/2006).

b) Substances subject to authorization: None

c) Restrictions on substances: None.

d) Relevant information necessary to enable appropriate risk management measures:

For agriculture only.

Outdoors Dispersive Use.

Store in closed containers and protected from the sun, away from heat sources and flammable materials.

First Aid measures

Inhalation: Remove the victim from exposure into fresh air immediately if adverse effects (e.g. dizziness, drowsiness or respiratory irritation) occur. If not breathing, give artificial respiration or if breathing is difficult, give oxygen and seek medical advice. Do not use mouth-to-mouth respiration. Seek medical advice immediately when vapours are intensively inhaled.

Ingestion: Seek medical advice if the victim feels unwell. Wash out mouth with plenty of water and give plenty of water to drink. Do not induce vomiting. Never give anything by mouth to an unconscious person. Seek medical advice if symptoms occur

Eye Contact: Immediately wash eyes with plenty of running water for at least 15 minutes, occasionally lifting the upper and lower eyelids. Remove contact lenses if present and easy to do. Seek medical advice if irritation develops and persists.

Skin Contact: Wash affected skin area with plenty of water and soap for at least 15 minutes thoroughly while removing contaminated clothing and shoes. Seek medical advice if irritation develops and persists.

Fire fighting measures

Fire extinguishing media: Use extinguishers suitable to cause of fire.

Special fire fighting procedures: Irritating substances may be emitted upon thermal combustion so self-contained breathing apparatus will be required.

Accidental release measures

Personal Precautions: Wear suitable protective clothing

Environmental Precautions: Prevent large quantities from contacting vegetation or waterways. Keep animals away from large spills.

Safe Use
